BACKGROUND INFORMATION:

Project Background

On May 6, 2017, voters approved the 2017 Bond Program, which authorized \$3,300,000.00 for improvements to the overall appearance and functionality of the Memorial Branch Library.

This task order will provide for upgrade improvements to the Memorial Branch Library building. These improvements will include interior renovations consisting of a new lobby, new furniture, carpet and painting throughout the building as well as mechanical, electrical, plumbing, technology, security advancements and exterior building improvements and signage. Construction is anticipated to begin in March 2021 and is estimated to be completed by October 2021.

The San Antonio Public Library Foundation (SAPLF) is a 501 (c)(3) non-profit organization that supports enhancements, which will strengthen library services to the community. The Foundation was organized in 1983 and works closely with City of San Antonio to improve our public libraries. The Greehey Foundation through the SAPLF is donating funding in an amount of \$25,000.00 for the naming and improvements to the children's area of the library.

Procurement of Services

This project was selected to utilize Job Order Contracting (JOC), an alternative project delivery method in which ten contractors were approved through Ordinance 2019-02-21-0134 by City Council on February 21, 2019. The JOC delivery method provides the City with on-call construction, renovation and maintenance services for City buildings and facilities. Assignment of JOC contractors to specific jobs is based on the contractor's current workload, overall capacity, and familiarity with a specific facility, expertise in completing specific task and/or managing a specific trade needed to carry out the requested repair or rehabilitation. Of the ten contractors, Kencon Constructors/Construction Managers, LTD. was selected to submit an estimate and project schedule for this project.

This contract will be awarded in compliance with the Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract to maximize the amount of small, minority, and women-owned business participation on the contract. The Goal Setting Committee set a 24% Minority/Women Business Enterprise (M/WBE) subcontracting goal and a 4% African American Business Enterprise subcontracting goal. Kencon Constructors/Construction Managers, LTD. has committed to subcontractor participation.

The Discretionary Contracts Disclosure Form, as required by the City's Ethics Ordinance for all Projects where subjective criteria are used to select the contractor or consultant rather than by low bid, is attached.
