**Overlay and Special District Information:**

"MLOD-2"

All surrounding properties carry the "MLOD-2" Military Lighting Overlay District, due to their proximity to Lackland Air Force Base. The "MLOD-2" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of

construction plans by both the Development Services Department and the Federal Aviation Administration.

**Thoroughfare:** Aaron Place

**Existing Character:** Local

**Proposed Changes:** None

**Public Transit:** There are VIA bus routes within walking distance of the subject property.

**Routes:** 46, 246

**Traffic Impact:** A Traffic Impact Analysis (TIA) is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

**Parking Information:** The minimum parking requirement for two dwelling units is one (1) space per unit.

**ISSUE:** None.

**ALTERNATIVES:**

**Current:** The current “R-6” Residential Single-Family District provides areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character.

**Proposed:** The proposed “R-6” Residential Single-Family District provides areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides minimum lot size and density requirements in order to preserve neighborhood character.

The proposed “CD” would allow for the use of two (2) residential dwelling units.

**FISCAL IMPACT:** None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The property is not within a regional center or a premium transit corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier.” The requested “R-6” is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The base zoning district of “R-6” Residential Single-Family will remain the same.

**3. Suitability as Presently Zoned:**

The current and proposed “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The base “R-6” will remain the same. The Conditional Use “CD” will allow for two (2) dwelling units per the submitted site plan.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Plan:

HOU-1.2- Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood

HOU-3- Housing is well maintained to help ensure the long-term viability of neighborhoods

HOU-1.3- Preserve rural homesteads as part of the mix of housing choices

**6. Size of Tract:**

The subject property is 0.5125 acres, which could reasonably accommodate two (2) dwelling units.

**7. Other Factors:**

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there is no objection to the request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.
