### **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Planning Commission (7-0) recommend Approval.

The applicant is seeking a Plan Amendment to rezone to "MHC" Manufactured Housing Conventional District to build a manufactured home development. The Heritage South Sector Plan does not allow for "MHC" Manufactured Housing Conventional base zoning districts to be allowed in "Agribusiness RIMSE Tier," hence the request for a Plan Amendment. The property is adjacent to residential uses to the south. The Suburban Tier land use is an appropriate land use transition from Rural Estate to Specialized Center.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the Heritage South Sector Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Heritage South Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.

- The amendment must uphold the vision for the future of the Heritage South Sector Plan.  
The amendment will not adversely impact a portion of, or the entire Planning Area by;
- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Significantly alter recreational amenities such as open space, parks, and trails.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Heritage South Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
