**Routes Served:** 24, 552

**Traffic Impact:** A Traffic Impact Analysis (TIA) is cannot be determined at this time, without a proposed use by the applicant.

**Parking Information:** There is no proposed use, so a parking minimum cannot be given.

**ISSUE:**

None.

**ALTERNATIVES:**

**Current:** “C-3” districts are intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

**Proposed:** “I-2” Heavy Industrial districts allow uses that are highly hazardous, environmentally severe in character and/or generate very high volumes of truck traffic. The district was established in order to provide sites for activities which involve major transportation terminals and manufacturing facilities that have a greater impact on the surrounding area than industries found in the L or I-1 districts. Examples of permitted uses: acetylene gas manufacturing & storage, asphalt products manufacturing, boiler & tank works, chemical process clothing manufacturing, and grain drying & milling.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The property is not located within a Regional Center but it is within a Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Denial.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Arena District / Eastside Community Plan and is currently designated as “Regional Commercial” in the future land use component of the plan. The requested “I-2” base zoning district is not consistent with the future land use designation. The applicant had requested a plan amendment to “Heavy Industrial” but have indicated that they will be amending the zoning request to “C-3 CD” General

Commercial with a Conditional Use for Construction Trades Contractor with Outside Storage, which negates the need for a Plan Amendment.

## **2. Adverse Impacts on Neighboring Lands:**

Staff finds evidence of likely adverse impacts due to the propose zoning change. The proposed change to “I-2” Heavy Industrial would allow the most intense industrial uses in an area of primarily commercial and residential uses. Although the applicant has indicated an amendment to “C-3 CD” General Commercial with a Conditional Use for Construction Trades Contractor with Outside Storage the proposed rezoning conditions down a light industrial use. This use is not appropriate directly abutting residential property.

## **3. Suitability as Presently Zoned:**

The current “C-3” General Commercial is appropriate at a commercial node and is part of an established pattern for the intersection. The existing zoning is sufficient intensity for the area and if the property is rezoned to “C-3 CD” General Commercial District, although the base district is maintained, the intensity is increased by allowing Conditional Use for Construction Trades Contractor with Outside Storage.

## **4. Health, Safety and Welfare:**

Staff has found indication of likely adverse effects on the public health, safety, or welfare.

## **5. Public Policy:**

The proposed rezoning appears to conflict with the following goals, principles, and objectives of the Arena District / Eastside Community Plan:

Land Use Guiding Principles:

- 2.2 Protect the neighborhoods by providing them with the necessary improvements to enable infill development and redevelopment
- 2.3 Create attractive streets
- 2.5 Respect existing natural systems and maximize their benefit to the plan

## **6. Size of Tract:**

The subject property is 0.4467 acres, which accommodates the currently commercial use but not more intense light industrial zoning.

## **7. Other Factors:**

The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.
