RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Eastern Triangle Community Plan and is currently designated as “Urban Living,” “Neighborhood Commercial,” and “Parks Open Space.” The requested “R-4” base zoning district is not consistent with the future land use designation. The applicant submitted a Plan Amendment to “Low Density Residential.” Staff recommends Approval. The Planning Commission recommendation is pending the February 10, 2021 hearing.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested “R-4” Residential Single-Family zoning allows for the same uses at a slightly greater density, which is appropriate with access to South WW White and Loop 410.

3. Suitability as Presently Zoned:

The current “R-5” Residential Single Family is appropriate for the property. The proposed “R-4” is also appropriate for the property and would allow for additional housing and more clustered development.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare. The property can be developed as single-family at this time, but the denser “R-4” allows for more allotment of open space and buffering in a large subdivision.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Eastern Triangle Community Plan:

Goals:

Overall Goal: A well maintained community with a diverse housing stock that meets the needs of current and future residents through all stages of life

Goal 12: Quality housing

Goal 13: Well-maintained neighborhoods and housing stock

Goal 16: Housing with access to transit and public amenities

6. Size of Tract:

The subject property is 89.251 acres, which could reasonably accommodate the requested residential uses.

7. Other Factors:

The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.
