RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Government Hill Neighborhood Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-6” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested zoning change would maintain the base “R-6” Residential Single-Family zoning district.

3. Suitability as Presently Zoned:

The current “R-6” Residential District is an appropriate zoning for the property and surrounding area. The surrounding properties are zoned “R-6” Residential Single-Family, with a number being rezoned for “R-6 CD” Residential Single-Family with a Conditional Use for a Duplex or “R-6 CD” Residential Single-Family with a Conditional use for an Office. The proposed “R-6 CD” is consistent with the existing and potential density of the block. The Conditional Use “CD” would allow two (2) dwelling units.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning appears to conflict with the following goals, principles, and objectives of the Government Hill Neighborhood Plan:

Goal: Conserve, rehabilitate and/or replace (if necessary) housing stock

- Objective: To develop a housing preservation strategy to stabilize and improve the real estate values

Goal: Redevelop and revitalize the neighborhood

- Objective: To encourage and support any revitalization and redevelopment efforts consistent with this plan

6. Size of Tract:

The subject property is 0.24 acres, which could reasonably accommodate the proposed residential dwelling units.

7. Other Factors:

The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated there are no objections to the request.

The subject property is located within the Fort Sam Houston Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated there are no objections to the request.

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The applicant seeks to rezone for two (2) dwelling units.
