"MLOD-2"

All surrounding properties carry the "MLOD-2" Military Lighting Overlay District, due to their proximity to Lackland. The "MLOD-2" does not restrict permitted uses but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. ALTERNATIVES:

Current: The present zoning district designation of "R-6 CD" allows for two-dwelling units (attached) with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet.

Proposed: The property owner would like to replat the existing lot into two lots, one addressed off Drury Lane and one addressed off Mango Avenue. The proposed zoning requests will result in a separate zoning district for each new lot.

The zoning request for the lot addressed off Drury Lane (front lot) is for "RM-5" Residential Mixed District, which allows a Single-family dwelling (detached, attached or townhouse), two-family dwelling, three-family dwelling, row-house or zero-lot line dwelling, accessory dwelling, with a minimum lot size of 5,000 square feet and a minimum lot width of 15 feet, foster family home, public and private schools. The applicant has chosen this zoning designation to accommodate a setback discrepancy from the existing home on the front lot in reference to the existing fence on the lot.

The zoning request for the lot to be addressed off Mango Avenue (rear lot) is for "R-6 CD" Residential Single-Family District with a Conditional Use for Two (2) Dwelling Units. The "R-6" District allows for a Single-Family dwelling with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet. The

requested Conditional Use would be for Two (2) Dwelling Units.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not within a Regional Center and not located within a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within West Sector Plan and is designated “General Urban Tier”. The requested “RM-5” and “R-6 CD” zoning is consistent with the future land use.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The use of the property will remain residential.

3. Suitability as Presently Zoned:

The current “R-6 CD” Residential Single-Family District with a Conditional Use for two (2) Dwelling units is an appropriate zoning for the property and surrounding area. The current structure as well as other properties in the area are zoned for two (2) dwelling units; this is proposed to remain “R-6 CD”. The other part of the request is for “RM-5” Mixed Residential which is also appropriate for the existing structure on the property, as there is a fence that is not in compliance with rear setback regulations. The rezoning to “RM-5” would allow for a 10-foot rear setback, making the existing fence in compliance.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West Sector Plan:

Goal HOU-1: Housing Stock is diverse and densities are distributed in accordance with the adopted West/Southwest Sector Land Use Plan

- HOU-1.1: Promote quality design and construction for new housing
- HOU-1.2: Provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood

Goal HOU-3: Housing is well maintained to help ensure the long-term viability of neighborhoods

- HOU-3.1: Re-invest in existing residential neighborhoods

6. Size of Tract:

The subject property is 0.321 acres, which reasonably accommodates the request for mixed residential use.

7. Other Factors:

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military has indicated that there are no objections to the request.

The property owner intends to replat the property to allow for an additional duplex on the rear portion of the lot, to be addressed of Mango Avenue.
