Overlay and Special District Information:

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

"MLOD-3"

All surrounding properties carry the "MLOD-3" Military Lighting Overlay District, due to their proximity to Martindale Army Airfield. The "MLOD-3" does not restrict permitted uses but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not within a Regional Center however it is within a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Arena District/Eastside Community Plan and is currently designated as “Medium Density Residential.” The requested “R-4” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. Properties in the area are zoned “R-4” Residential Single Family. The proposed rezoning maintains the base “R-4” zoning designation. These properties also benefit from the “B” to “R-4” conversion, which allows a duplex unit. Additionally, a majority of properties within the neighborhood consist of two residential units.

3. Suitability as Presently Zoned:

The current "R-4" Residential District is appropriate for the property and surrounding area. The requested “R-4 CD” base zoning district with a Conditional Use for Two (2) Dwelling Units is consistent and compatible with existing and surrounding zoning and uses. The request maintains the base “R-4”, while the “CD” Conditional Use allows consideration of two (2) units.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare. The proposed zoning would allow new housing development within the neighborhood to supplement the existing ones.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Arena District Community Plan:

Goals:

1. Redevelopment Goals over the next 10-15 years
 - 1.1 New home construction - 25-50 homes per year.
2. Land Use Guiding Principles
 - 2.1 Establish a land use pattern that is responsive to the existing context and is founded upon realistic market expectations.
 - 2.2 Protect the neighborhoods by providing them with the necessary improvements to enable infill development and redevelopment.
 - 2.3 Create attractive streets.

6. Size of Tract:

The subject property is 0.1405 acres, which could reasonably accommodate the requested dwelling units.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The subject property is located within the Martindale Army Airfield Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request. The Military has indicated that there are no objections to this request.

The applicant intends to develop a vacant parcel and construct two (2) new detached residential dwelling units. Although the property is allowed for a duplex as a result of the “B” to “R-4” conversion, the applicant is proposing two detached units. A duplex is attached. The request results in the same density as allowed in the current zoning.
