Overlay and Special District Information:

"H"

The surrounding properties are located in the Dignowity Hill Historic District, which was adopted in the 1840's. Historic districts do not regulate use of the property but do enforce building exterior design standards meant to maintain the architectural character or cultural significance of the designated area. Building plans and permit applications will be subject to review by the Office of Historic Preservation and the Historic and Design Review Commission (HDRC) prior to any permits being issued.

"AHOD"

All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses but can require additional review of

construction plans by both the Development Services Department and the Federal Aviation Administration.

Traffic Impact: A Traffic Impact Analysis (TIA) is not required.

Parking Information: The parking requirement for “IDZ-1” is waived.

ISSUE:

None.

ALTERNATIVES:

Current: The current zoning district designation of “C-3” are intended to provide for more intensive commercial uses than those located within the “NC”, “C-1”, or “C-2” zoning districts. “C-3” uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses include bar/tavern, auto repair, hotel, or home improvement center. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

Proposed: The proposed zoning district designation of “IDZ-1” Limited Density Infill Development Zone allows rezoning requests up to 18 units per acre and uses permitted in “C-1” and “O-1”. All approved uses must be requested and stated within the ordinance. Provide flexible standards for setbacks and parking for the development and reuse of underutilized parcels within a qualifying area of the city.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not within a Regional Center but is within a premium transit corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Dignowity Hill Neighborhood Plan and is currently designated as “Low Density Mixed Use” in the land use component of the plan. The requested “IDZ-1” base zoning district

is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

3. Suitability as Presently Zoned:

The existing “C-3” General Commercial zoning district is appropriate for the surrounding area. The proposed “IDZ-1” is also appropriate and is a downzone from the existing “C-3.” Although a professional office would be allowed in “C-3” the proposed Cabinet/Carpentry use would require Specific Use Authorization, thus the applicant is utilizing “TDZ-1” to call out the needed uses, downzone the property, address any setback requirements, and provide a site specific plan. The proposed zoning change is requested to allow for the adaptive reuse of an existing vacant building which is appropriate for infill development.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective of the Arena Dignowity Hill Neighborhood Plan, which encourages the following:

Community Facilities and Public Health-

Maintain and enhance the neighborhood parks, community centers, and cultural events that promote healthy lifestyles and highlight the historic character of the Dignowity Hill neighborhood

- Goal 1: Establish attractive community facilities and increase usage by neighborhood residents and visitors.
- Goal 2: Enhance the historic character of the neighborhood.

Housing and Economic Development-

Coordinate and integrate development of a mix of neighborhood businesses that serve the immediate residents in the vicinity and establish housing options with diverse age and density that are walkable and secure.

- Goal 12: Expand neighborhood businesses that are convenient and safe for residents and visitors to easily access and enjoy.

6. Size of Tract:

The 0.4161-acre site is of sufficient size to accommodate the proposed use of professional office and carpentry shop.

7. Other Factors:

This property is located within the Dignowity Hill Historic District. Any exterior modifications require approval from the Office of Historic Preservation. Approval of a site plan or materials submitted as part of a zoning application does not supersede any requirements for design review outlined in Article VI of the Unified Development Code. On May 5, 2021, the Historic and Design Review Commission approved the request for exterior modifications with staff stipulations.

The applicant is requesting to rezone from “C-3” to “IDZ-1”, to allow a for the reuse of a vacant building for a professional office and carpentry shop, as per the submitted site plan.
