RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Approval.

The applicant seeks a Plan Amendment to “General Urban Tier” to rezone the property to “C-2” Commercial for development of a retail center. The proposed land use amendment to “General Urban Tier” is consistent with the land use in the entire area which is also “General Urban Tier.” This would allow the property to be utilized in a different manner, rather than the previous use of a church, which was appropriate in the “Civic Center” land use category. “General Urban Tier” land use is also appropriate along West Commerce a highly trafficked arterial roadway.

The following Criteria for review is also applicable:

- The recommended land use pattern identified in the West/ Southwest Sector Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/ Southwest

Sector Plan will not solely benefit a particular landowner or owners at a particular point in time.

- The amendment must uphold the vision for the future of the West/ Southwest Sector Plan
- The amendment will not adversely impact a portion of, or the entire Planning Area by;
- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Lackland Air Force Base.
- Significantly alter recreational amenities such as open space, parks, and trails.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the West/ Southwest Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
