ALTERNATIVES:

Current: The current “C-2” Commercial District permits general commercial activities designed to serve the community such as repair shops, wholesale businesses, warehousing and limited retail sales with some outdoor display of goods. These districts promote a broad range of commercial operations and services necessary for large regions of the city, providing community balance. “C-2” districts accommodate commercial and retail uses that are more intensive in character than “NC” and “C-1” uses, and which generate a greater volume of vehicular traffic and/or truck traffic.

Proposed: The proposed “C-2” Commercial District permits general commercial activities designed to serve the community such as repair shops, wholesale businesses, warehousing and limited retail sales with some outdoor display of goods. These districts promote a broad range of commercial operations and services necessary for large regions of the city, providing community balance. “C-2” districts accommodate commercial and retail uses that are more intensive in character than “NC” and “C-1” uses, and which generate a greater volume of vehicular traffic and/or truck traffic.

The proposed “S” would allow for consideration of outdoor sport courts.

FISCAL IMPACT: None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not within a regional center but is within a premium transit corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Sector Plan and is currently designated as “Suburban Tier.” The requested “C-2” Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The surrounding zoning is “C-2” Commercial District and “C-3NA” General Commercial Nonalcoholic Sales District.

3. Suitability as Presently Zoned:

The current "C-2" Commercial District is an appropriate zoning for the property and surrounding area. The requested "C-2 S" maintains the base zoning of the property. The "S" Specific Use Authorization allows consideration of Sport Courts (Outdoor Permitted), in addition to all uses permitted in the "C-2" Commercial District.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the North Sector Plan:

Goal ED-1- Compatible economic development along major transportation routes and existing activity centers that do not interfere with the mission of Camp Bullis.

Goal ED-1.3- Continue to maintain and revitalize the North Sector to retain and expand vibrant retail and commercial uses within the IH-10, IH-35, Loop 410 and Loop 1604 corridors and/or centers.

6. Size of Tract:

The subject property is 0.951 acres, which could reasonably accommodate commercial uses and outdoor sport courts.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicants intends to develop small outdoor recreation complex with pickleball courts.
