**Parking Information:** The minimum parking requirements for warehousing is 1 per 5,000 sf GFA.

**ISSUE:**

None.

**ALTERNATIVES:**

**Current:** The present zoning district designation of “FR” Farm and Ranch is designated to preserve rural character and culture by implementing larger minimum lot sizes and by prohibiting incompatible land uses and providing areas for agricultural operations and natural resource industries. The “FR” Farm and Ranch zoning district is consistent with neighboring lots with large lot residential or agricultural uses.

**Proposed:** The proposed “L” Light Industrial zoning provides for a mix of light manufacturing uses, office park, flex-space with limited retail and service uses that serve the industrial development in the zone. Examples of permitted uses include auto sales and repair, cabinet or carpenter shop, lumber yard and building materials, machine shop, or moving company.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is not within a Regional Center or located within the Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Heritage South Sector Plan and is currently designated as “Agribusiness RIMSE Tier” in the future land use component of the plan. The requested “L” Light Industrial base zoning district is consistent with the adopted land use.

**2. Adverse Impacts on Neighboring Lands:**

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed “L” Light Industrial is an appropriate zoning and is consistent with adjacent zoning districts and uses.

**3. Suitability as Presently Zoned:**

The current “FR” Farm and Ranch District is appropriate zoning for large lots and farming with or without development. The proposed “L” Light Industrial is appropriate for the area and is consistent with the current land development pattern.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

## **5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Heritage South Sector Plan:

- Goal ED-6: Market Heritage South as a business-friendly environment
  - ED-6.3: Promote low impact industry, high and biotechnologies, and international trade.
- GOAL LU-2: Design guidelines for non-residential uses to encourage compatibility to adjacent properties.
  - LU-2.2 Ensure buffer zones and transitional areas between industrial and other uses.

## **6. Size of Tract:**

The subject property is 11.667 acres, which could reasonably accommodate a warehouse.

## **7. Other Factors:**

The rezoning request is to allow for a warehousing development with enclosed storage for a manufacturing supplier of hoses, tubes, etc. There will not be any manufacturing, processing, etc. associated with this use on the subject property.
