**ISSUE:**

**Comprehensive Plan**

**Comprehensive Plan Component:** Government Hill Neighborhood Plan

**Plan Adoption Date:** November 11, 2010

**Goal: Redevelop and revitalize the neighborhood.**

Objective: To encourage and support any revitalization and redevelopment efforts consistent with this plan.

Strategies:

- Market the vacant parcels of land to prospective homeowners and businesses.
- Recruit desired businesses and the expansion of existing businesses in the neighborhood.

Revitalization Strategies

- Clean up abandoned homes/properties.

**Comprehensive Land Use Categories**

**Land Use Category:** “Low Density Residential”

**Description of Land Use Category:**

Low Density Residential Development includes single-family residential Development on individual lots. Recommended development densities in Low Density Residential areas should not exceed 9 dwelling units per acre. The plan acknowledges that medium density uses that have historically existed in the neighborhood can

remain; however the conversion of existing single-family homes into medium density units is discouraged. Lower-impact community uses such as schools, religious assemblies, parks and community centers can be included in this category and should be centrally located for convenient neighborhood access.

**Permitted Zoning Districts:** R-3, R-4, R-5, R-6

**Land Use Category:** “High Density Residential”

**Description of Land Use Category:**

High Density Residential development includes multi-family developments with more than four units on a single lot, such as apartment complexes, but can also include Low Density and Medium Density residential uses. High Density residential uses generally exceed 18 dwelling units per acre.

This form of development should be located along collectors, arterials, or highways. It can function as a compatible transition between Medium and Low Density residential and higher intensity commercial uses. This classification can include certain non-residential uses such as schools, religious assemblies, parks and community centers that are centrally located for convenient neighborhood access.

**Permitted Zoning Districts:** R-3, R-4, R-5, R-6, RM-4, RM-5, RM-6, MF-25, MF-33, MF-40, MF-50

**STAFF ANALYSIS AND RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Planning Commission (10-0) recommend Approval.

The applicant seeks a Plan Amendment from “Low Density Residential” to “High Density Residential” to rezone to "IDZ-2 MLOD-3 MLR-2" Medium Intensity Infill Development Zone Martindale Military Lighting Overlay Military Lighting Region 2 District with uses permitted for eighteen (18) dwelling units. The requested plan amendment is an appropriate placement along the Walters Street. The Walters corridor is already partially developed as “Mixed Use” and the proposed additional two blocks of “High Density Residential” would be consistent with the area and corridor. It also acts as a buffer to the existing single-family residential dwellings from traffic and street noise.

The Plan Amendment to “High Density Residential” meets the land use goals of the Government Hill Neighborhood Plan to redevelop the vacant lots and revitalize the neighborhood.

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the Government Hill Neighborhood Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
