Transportation

Thoroughfare: Martin Luther King Drive

Existing Character: Secondary Arterial B

Proposed Changes: N/A

Public Transit: VIA bus routes are within walking distance of the subject property.

Routes Served: 26, 225

Traffic Impact: “IDZ” zoning - exempt from TIA requirements. “D” zoning - exempt from TIA requirements. We do not recommend that driveway queuing be analyzed to ensure that queues do not spill back into public right-of-way. Martin Luther King is identified on the City’s Major Thoroughfare Plan as (Secondary Arterial Type B 70’ - 86’ ROW). ROW Dedication may be required. Arterials require min 48’ pavement - 24’ from centerline. Per UCD Table 506-3, note 5 bike facilities are required on all arterials along with sidewalks.

Parking Information: The minimum parking requirement for twenty (20) residential units is 1.5 spaces per unit. The proposed “IDZ-1” base zoning district waives parking requirements.

ISSUE:

None.

ALTERNATIVES:

Current: The present zoning district designation of "R-4" Residential Single-Family District zoning district provide options for developing dwelling units for specialized housing markets such as the affordable housing market, starter homes, and empty nester homes on small lots. This district will provide areas for medium to high-density, single-family residential uses where adequate public facilities and services exist, prevent the overcrowding of land, and facilitate the adequate provision of transportation. The "R-4" (residential single-family) zoning district are designed to be in close proximity to schools, public parks, and open space serving the site.

Proposed: The proposed "IDZ-1" Limited Intensity Infill Development Zone allows uses in “MF-18” Limited Density Multi-Family, “O-1” Office and “C-1” Light Industrial uses.

The proposed "IDZ-1" would allow for twenty (20) dwelling units, per a prescribed site plan.

FISCAL IMPACT:

None.

The subject property is not within a Regional Center or located within the Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Arena District / Eastside Community Plan and is currently designated as “Medium Density Residential” in the future land use component of the plan. The requested “IDZ-1” base

zoning district with uses permitted for twenty (20) dwelling units is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. Surrounding properties are zoned “R-4” Residential Single-Family.

3. Suitability as Presently Zoned:

The current “R-4” Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed “IDZ-1” will add additional dwelling units to an established residential area.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Arena District / Eastside Community Plan:

1. Redevelopment Goals over the next 10-15 years 1.1 New home construction - 25-50 homes per year.
- 4.2 Recommend new medium density single family and high density multifamily residential neighborhoods near Salado Creek to supplement existing ones.
