ISSUE:

Comprehensive Plan

Comprehensive Plan Component: Dignowity Hill Neighborhood Plan

Plan Adoption Date: December 3, 2009

Update History: None.

Goal 8: Increase homeownership through infill development and housing rehabilitation.

Objective 8.1: Decrease the number of vacant lots and housing through rehabilitation and marketing of properties for infill housing.

Comprehensive Land Use Categories

Neighborhood Commercial: Includes less intense commercial uses with low-impact convenience, retail, or service functions. Examples of uses include a convenience store, small insurance or doctor's office, bakery, small restaurant, bookstore, antique shop, copy service, veterinarian's office, or small, neighborhood sized grocery stores.

Related Zoning Districts: NC, O-1, & C-1

Comprehensive Land Use Categories

Low Density Mixed Use: Includes a mix of low intensity residential and commercial uses either on adjacent lots or integrated in one structure. The mix of uses within a block or building is to promote walkability and thus all mixed use developments should be designed for the pedestrian in mind. Compatibility between commercial and residential uses is recommended. Monument signs, shared parking located in back or to the rear of the structure, and limited curb cuts are encouraged.

LAND USE ANALYSIS:

The current land use designation, under the Dignowity Hill Neighborhood Plan, is Neighborhood Commercial, which does not allow for residential zoning. This plan amendment and associated rezoning are being requested for the development and improvement of the subject property as two (2) single-family dwellings. The requested Low Density Mixed Use land use designation is appropriate as the property is primarily surrounded by residential uses, which are permitted under Low Density Mixed Use. The requested land use classification supports the Dignowity Hill Neighborhood Plan's objective of discouraging vacant lots and encouraging infill.

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the Dignowity Hill Neighborhood Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff recommends Approval. The requested land use change will allow the development of two (2) single-family dwellings and will not have any significant negative impact on the surrounding land. The requested land use change will also assist in decreasing the number of vacant lots and housing through the marketing of properties for infill housing.

PLANNING COMMISSION RECOMMENDATION: Approval, 8-0.
