Zoning Commission Hearing Date: February 16, 2016

Case Manager: Mary Morales-Gonzales, Planner

Property Owner: Mike Horn and Edgar Lozano

Applicant: Varga Endeavors LLC, c/o Efraim Varga

Representative: Efraim Varga

Location: 51 Essex Street, 601 and 604 Carolina Street

Legal Description: 6.999 acres of land out of NCB 678 and NCB 7057 and Lots 11, 12, 13, 21, 22 and 23, Block 23, NCB 671

Total Acreage: 7.7104

Notices Mailed

Owners of Property within 200 feet: 73

Registered Neighborhood Associations within 200 feet: Denver Heights Neighborhood Association

Applicable Agencies: San Antonio Aviation Department

Property Details

Property History: The property was within the City of San Antonio boundaries in 1938 and was originally zoned "L" Industrial District. Upon adoption of the 1965 Unified Development Code, the zoning designation converted to "I-2." A 1993 zoning case rezoned the property to "I-1" Light Industrial District. Upon adoption of the 2001 Unified Development Code, the zoning designation converted to the current "I-1" Industrial District. The property consists of office buildings, vacant buildings and industrial outdoor storage yards.

Topography: The subject property does not include any abnormal physical features such as significant slope or inclusion in a flood plain.

Adjacent Base Zoning and Land Uses

Direction: North

Current Base Zoning: I-1

Current Land Uses: Recyclers, Vacant Industrial Buildings

Direction: South

Current Base Zoning: I-1

Current Land Uses: Warehouses, Restaurant Supply Company

Direction: East

Current Base Zoning: RM-4, C-3 NA, C-2 NA

Current Land Uses: Small Business, Bar, Single-Family Residential

Direction: West

Current Base Zoning: I-1

Current Land Uses: Appliance Outlet, Foam Design Company, Commercial Buildings

Overlay and Special District Information: All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lot sizes, and setbacks.

Transportation

Thoroughfare: Essex Street

Existing Character: Local Street

Proposed Changes: None known

Thoroughfare: Carolina Street
Existing Character: Minor Arterial
Proposed Changes: None known

Thoroughfare: South Cherry Street
Existing Character: Collector Street
Proposed Changes: None known

Public Transit: VIA bus route #32 stops at the intersection of Carolina Street and South Cherry Street.

Traffic Impact: A Traffic Impact Analysis (TIA) is not required. Infill Development (IDZ) is exempt from TIA requirements.

Parking Information: The “IDZ” Infill Development Zone District waives off street vehicle parking requirements.

ISSUE:
None.

ALTERNATIVES:
Denial of the proposed zoning will result in the subject property retaining the “I-1” base zoning districts.

FISCAL IMPACT:
None.

RECOMMENDATION:
Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Arena District/Eastside Community Plan and is currently designated as “Light Industrial” in the land use component of the plan. The requested “IDZ” base zoning district with uses permitted in “C-2,” Commercial, Multi-Family Residential Uses not to exceed 100 units per acre, Bar, Micro-Brewery, Beer Garden and Hotel is not consistent with the adopted land use designation. The applicant submitted a plan amendment to change the land use classification to “Mixed Use.” Staff and Planning Commission recommend approval.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts to neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The existing “I-1” base zoning district is suitable, however many industrial buildings in the surrounding area are vacant and in need of repair. In addition, there is no buffer between the industrial uses and the low-density residential uses directly adjacent to the subject property on the east side. The proposed use is more suitable due to the proximity to the Alamodome and freeways and will complement the revitalization of the near Eastside of the city and will provide a buffer between the freeway to the west and the residences to the east.

4. Health, Safety and Welfare:

Staff has not found any evidence of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed use meets the goal that mixed use developments should be located at the intersection of a collector and arterial streets, two arterial streets, or where an existing commercial area has been established. The subject property is surrounded by many collector and arterial streets as well as being near Interstate Highway 37 and Interstate Highway 10 interchange with easy freeway access to and from the development.

6. Size of Tract:

The 7.7104 acre site is of sufficient size to accommodate the proposed development.

7. Other Factors:

None.
