**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends and Zoning Commission (8-0) recommend Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Stinson Airport Vicinity Neighborhood Community Plan and designated “Community Commercial” in the future land use plan. The requested “C-3” General Commercial base zoning district is not consistent with the plan. The applicant has requested a Plan Amendment to change the current “Community Commercial” land use classification to “Regional Commercial” to fit the requested zoning. Staff and Planning Commission recommend approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse effects on neighboring lands.

**3. Suitability as Presently Zoned:**

The existing “I-2” Heavy Industrial District is not consistent with the surrounding properties. The “MH” Manufactured Home District is consistent with the surrounding properties.

**4. Health, Safety and Welfare:**

Staff has not found any indication of likely adverse effects on the neighboring lands.

**5. Public Policy:**

The request does not appear to be in conflict with any public policy objective.

**6. Size of Tract:**

The 36.69 acre site is of sufficient size to accommodate development.

**7. Other Factors:**

This case was postponed by the applicant in April 2016.
