**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (10-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the West/Southwest Community Plan, and is currently designated as General Urban Tier in the future land use component of the plan. The requested "C-2" Commercial base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current "R-5" base zoning district is not appropriate for the subject property's location. The properties to the south are zoned "C-2" and to the east are zoned "C-2".

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with the land use goals and strategies of the West/Southwest Sector Plan that focuses on a community that values existing and future businesses; businesses which in turn support the neighborhoods.

**6. Size of Tract:**

The subject property totals 0.107 acres in size, which should reasonably accommodate the uses permitted in "C-2" Commercial District.

**7. Other Factors:**

The applicant proposes a commercial parking lot on the subject property. The adjacent property owned by the same property owner is zoned "C-2" Commercial District. The request to rezone the subject property will make the land uses more compatible with one another.
