## **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

### **1. Consistency:**

The subject property is located within the North Central Community Neighborhood Plan and is currently designated as Low Density Residential. The present and proposed zoning districts are consistent with the adopted land uses designation.

### **2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on surrounding properties.

### **3. Suitability as Presently Zoned:**

The proposed rezoning to “R-5 CD” is appropriate for the subject property. The subject property location, adjacent to Jackson Keller Road and adjacent to other commercial properties, makes it appropriate for the “R-5 CD” Residential Single-Family District with a Conditional Use for a Professional Office.

### **4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

### **5. Public Policy:**

The request does not appear to conflict with any public policy objective. The development of the subject property contributes toward the North Central Community Neighborhood Plan vision of compatibility and purpose of the plan by promoting future development that is compatible with existing neighborhoods.

### **6. Size of Tract:**

The subject property is 0.459 acres in size, which accommodates the proposed development with adequate space for parking.

### **7. Other Factors:**

The conditional zoning procedure is designed to provide for a land use within an area that is not permitted by the established zoning district but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The following conditions shall apply to the operation of nonresidential conditional uses permitted within any residential district, unless otherwise approved by the City Council:

A. There shall be no exterior display or sign with the exception that a nameplate, not exceeding three (3) square feet in area, may be permitted when attached to the front of the main structure.

B. No construction features shall be permitted which would place the structure out of character with the surrounding residential neighborhood.

The applicant is requesting the following condition for the hours of operation:

C. Business hours of operation shall not be permitted before 8:00 a.m. or after 6:00 p.m.
