### **Property Details**

**Property History:** The subject property was annexed into the City of San Antonio on May 31, 1940 (Ordinance # 1941). According to available records, the property was originally zoned "J" Commercial District based on the 1938 zoning districts. Upon the adoption of the 2001 Unified Development Code, "J" base zoning has been converted to "I-1" General Industrial District.

**Topography:** None.

### **Adjacent Base Zoning and Land Uses**

**ISSUE:**

None.

**ALTERNATIVES:**

Denial of the requested zoning change would result in the subject property retaining the present “I-1” zoning district designation.

**FISCAL IMPACT:**

None.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (10-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the North Central Community Plan and is designated as Neighborhood Commercial. The requested base zoning of “C-1” is consistent with the current land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on surrounding properties in relation to this zoning request as many of the surrounding properties are auto-oriented, and the primary ingress/egress is located on Blanco Road, a major thoroughfare.

**3. Suitability as Presently Zoned:**

The existing “I-1” zoning district is not appropriate for the subject property. The property currently has a vacant structure which is intended for commercial uses. The requested “C-1 CD” zoning will allow the property to be used for motor vehicle sales, which is not permitted under the “I-1” zoning designation. Furthermore, the requested “C-1” zoning designation is a down-zone from the more intense “I-1” and is more restrictive in permitted uses.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective. The requested land use adheres to the North Central Community Plan by encouraging the establishment of neighborhood-friendly businesses along the commercial corridors that promote pedestrian accessibility.

**6. Size of Tract:**

The subject property is 0.2266 acres in size, which accommodates the proposed development for auto sales.

**7. Other Factors:**

The conditional use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

Should the Conditional Use be approved, staff recommends the following conditions:

1. Vehicular access to property from Blanco Road only.
2. All on-site lighting shall be directed onto the site and point away from any surrounding residential uses.
3. Bufferyard along eastern property line.
4. No temporary signage.
