Property Details

Property History: The subject property was annexed into the City Limits in 1972 and was zoned "B-3" Business District. Upon adoption of the 2001 Unified Development Code, the previous base zoning districts converted to "C-3" General Commercial District. The subject property is out of the original Lot 29 that was platted in 1985 (volume 9511, page 52 of the Deed and Plat Records of Bexar County, Texas). However, it is not platted in its current configuration. The subject property was developed in 1968 with 3000 square feet of multiple residential structures.

Topography: The property does not include any abnormal physical features such as slope or inclusion in a flood plain.

Maximum Parking Requirement: 2per unit.

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval. Zoning Commission recommends Approval (8-0).

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as General Urban Tier in the future land use component of the plan. The proposed “MF-33” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The existing “C-3” base zoning district is not suitably zoned. The existing base zoning district is not consistent with the Sector Plan’s future land use designation. The Major Thoroughfare Plan encourages intense land uses that the “C-3” zoning district support be located at the intersection of two major thoroughfares.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective because the request is consistent with the proposed future land use plan goals and objective as well as other plan objectives such as the Major Thoroughfare Plan.

6. Size of Tract:

The subject property measures 0.334 acre in size and has an existing eight (8) dwelling unit development and

parking area.

7. Other Factors:

The applicant is bringing the existing eight unit apartment complex into compliance with zoning.
