ISSUE:

Plan Adoption Date: April 4, 2002

Update History: December 6, 2007

Goal Economic Development: Improve the current variety of goods, services and employment available within the community by creating an environment conducive to commercial prosperity and encouraging new businesses to locate in the area.

Comprehensive Land Use Categories

Parks/Open Space: Open space includes land that is open green space but is not accessible for public use.

Community Commercial: Medium intensity uses that serve two or more neighborhoods.

Should be located at nodes on arterials at major intersections or where an existing commercial area has been established. A majority of the ground floor façade should be composed of windows. Off-street parking and loading areas adjacent to residential uses should have buffer landscaping, lighting and signage controls.

Examples are cafes, offices, restaurants, beauty parlors, neighborhood groceries or markets, shoe repair shops and medical clinic.

Land Use Analysis

The applicant requests to amend the Highlands Community Plan land use classification from Parks/Open Space to Community Commercial in order to build a restaurant on the property. The property is currently vacant, adjacent to Interstate Highway 37 and Goliad Road and the property is not being utilized as a public or private park. Furthermore, the property is zoned as “O-2” High-Rise Office District. In order to accommodate the proposed development the applicant has requested an associated re-zoning from “O-2” to “C-2”. The requested “C-2” zoning is not permitted in the current land use Parks/Open Space but it is permitted in the requested Community Commercial land use designation. The Community Commercial designation supports the Highlands Community Plan objectives of improving the current variety of goods, services, and employment available within the community by creating an environment conducive to commercial prosperity and encouraging new business to locate in the area.

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the Highlands Community Plan as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff recommends approval. The proposed amendment to Community Commercial land use will not significantly alter the land use pattern or character of the immediate area as the proposed change is compatible with the existing surrounding pattern of development.

PLANNING COMMISSION RECOMMENDATION: Approval (10-0)
