Overlay and Special District Information:

All surrounding properties carry the "MLOD" Military Lighting Overlay District and “MSAO” Military Sound Attenuation Overlay District, due to their proximity to Camp Bullis. The "MLOD" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

The "MSAO-1" does not restrict permitted uses, but does enforce construction standards intended to lessen the impact of external noise from the nearby military installation. The “MSAO-1” regulations apply to new construction of habitable structures.
