**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Government Hill Community Plan and is currently designated as Low Density Residential. The requested “R-6” base zoning district is consistent with the adopted land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The proposed rezoning to “R-6 CD” with Conditional Use for four single family dwelling units is appropriate for the subject property. There are several similar uses within the residential neighborhood. The development of the subject property with these zoning districts contributes towards the Government Hill Community Plan vision of compatibility of Housing types. There are several vacant and abandon homes within this area and the proposed development will bring needed investment to the neighborhood.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The subject property is 0.3317 acres in size, which accommodates the proposed development with adequate space for parking.

**7. Other Factors:**

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.
