**ALTERNATIVES:**

Denial of the zoning request will result in the subject property retaining the "C-3" General Commercial District.

**FISCAL IMPACT:**

None.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (9-0) recommend Approval, with conditions.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the San Antonio International Airport Vicinity Land Use Plan and is designated as Community Commercial land use. The requested "C-2" Commercial base zoning district is consistent with the adopted land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff has found no evidence of likely adverse impacts on surrounding properties.

**3. Suitability as Presently Zoned:**

The applicant requests this zoning change in order to have a Truck Repair and Maintenance business. The requested zoning designation is consistent with the existing development pattern. The property is adjacent to the USPS transportation hub and the applicant has a contract to service the USPS vehicles. The current "C-3" General Commercial base zoning district is inconsistent with the future land use plan.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The subject property is 3.529 acres in size, which accommodates the proposed development with adequate space for parking.

**7. Other Factors:**

The conditional use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

Staff recommends the following conditions:

1. Solid screen fence along the east property line.

2. Use of metal building materials shall not exceed 25% of the building façade facing Perrin Beitel Road.
3. No outdoor repair of vehicles.
