**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Northwest Community Plan, and is currently designated as “Low Density Residential” and “Parks and Open Space” in the future land use component of the plan. The requested “C-2” Commercial base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to change the land use classification from “Low Density Residential” and “Parks and Open Space” to “Community Commercial”. Staff recommends approval. Planning Commission continued the case until May 10, 2017.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The applicant proposes to develop the property for commercial/retail uses, and community facilities for a nonprofit organization. The proposed “C-2” will act as a transition between the commercial and residential uses. In addition there is a required Type B, 15 foot buffer along the rear of the property (applicant proposes a 30 foot buffer).

**3. Suitability as Presently Zoned:**

The current “C-1” base zoning district is appropriate for the subject property’s location; however, “O-2” is not. The size of the property is also better suited for “C-2” without building size restrictions of “C-1” or “NC”.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with any public policy objective.

**6. Size of Tract:**

The subject property totals 5.7237 acres in size, which will reasonably accommodate the uses permitted in “C-2” Commercial District.

**7. Other Factors:**

None.
