RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Greater Dellview Community Plan and is currently designated “Low Density Residential” in the future land use component of the plan. The requested “R-4” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands: Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “R-4” Residential base zoning is consistent with both the established development pattern as well as the future land use plan.

4. Health, Safety and Welfare: Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

As the request is consistent with the future land use plan contained within the Greater Dellview Community Plan, staff finds that the request is not contrary to any stated public policy objective.

6. Size of Tract:

The 0.16 acre tract is of sufficient size for a professional office.

7. Other Factors:

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.

The following conditions per section 35-422 of the Unified Development Code applies to all conditional use requests in residential zoning districts:

1. There shall be no exterior display or sign with the exception that a nameplate, not exceeding the (3) square feet in area may be permitted when attached to the front of the main structure
2. No construction features shall be permitted which would place the structure out of character with the

- surrounding residential neighborhood.
3. Business hours of operation for the general public shall not be permitted before 7:00 a.m. or after 6:00 p.m.
