RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the San Antonio International Airport Vicinity Plan and is currently designated as Community Commercial. The request for "C-2" base zoning district is consistent with the surrounding land use.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change because the request is consistent with the commercial uses of the surrounding properties.

3. Suitability as Presently Zoned:

The current "R-5" and "MF-40" base zoning districts are not appropriate for the surrounding area. The subject property is bounded by commercial uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The request for zoning would provide infill to the vacant buildings currently existing on the property.

5. Public Policy:

The request does not appear to conflict with any public policy objective because the request is consistent with the plan.

6. Size of Tract:

The subject property measures 1.071 acres which should reasonably accommodate the uses permitted in "C-2" Commercial District.

7. Other Factors:

Current structures on the subject property will require review by The Office of Historic Preservation prior to demolition.
