ISSUE:

Comprehensive Plan

Comprehensive Plan Component: IH-10 East Perimeter Plan

Plan Adoption Date: February 22, 2001

Plan Objective: Land Use: Objective: Enhance the diversity of other land uses (agriculture, residential, and commercial) so that industrial uses (freight transport, manufacturing and construction) do not dominate the Corridor.

Comprehensive Land Use Categories

Land Use Category: Regional Commercial

Description of Land Use Category: Regional Commercial provides for offices, professional services, and retail uses that draw on the customer base of a region. Examples of uses include “big box” retail and retail “power centers”, shopping malls, movie theaters, and medical or office complexes that are mid to high rise. Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size.

Permitted Zoning Districts: NC, O-1, O-2, C-1, C-2, and C-3

Comprehensive Land Use Categories

Land Use Category: Light Industrial

Description of Land Use Category: Light Industrial areas include a mix of light manufacturing uses, office park and limited retail/service uses that serve the industrial uses. Industrial uses should be screened and buffered from adjoining uses. Any outside storage must be under a roof and screened from public view. Examples of light industrial uses include drug laboratories, furniture wholesalers, lumberyards, tamale factories and warehousing.

Permitted Zoning Districts: C-3 and L

Comprehensive Land Use Categories

Land Use Category: Industrial

Description of Land Use Category: General Industrial includes heavy manufacturing, processing and fabricating businesses. General industrial uses shall be concentrated at arterials, expressways, and railroad lines. This use is not compatible with residential uses and should be separated from residential uses by an intermediate land use or a significant buffer.

Permitted Zoning Districts: C-3, L, I-1 and I-2

Proximity to Regional Center/Premium Transit Corridor

The subject properties are not within a ½ of a mile of a Regional Center. The subject properties are not within a ½ of a mile of a Premium Transit Corridor.

FISCAL IMPACT:

None.

Staff analysis and recommendation:

Staff Analysis and Recommendation: Staff recommends Approval.

The properties are located along North Foster Road, FM 1346, and FM 1516, which are secondary arterials. The subject properties were annexed into the City of San Antonio on August 31, 2017 and zoned “DR” with direction to staff to reassess the area for more appropriate zoning. The proposed land use amendments to the IH-10 East Perimeter Plan are necessary in order to appropriately address the future growth of San Antonio. The area is transitioning from rural farm land into a large industrial park. Appropriate land uses are needed in order to adequately address the current and future development of this area.

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the IH-10 East Perimeter Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
