RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending the Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject properties are located within the IH-10 East Perimeter Plan. The requested zoning districts are not consistent with the current land use designations of “Industrial” and “Neighborhood Commercial”. The city is initiating a plan amendment request for additional land use designations of “Regional Commercial”, “Light Industrial”, and “Industrial”. Staff and Planning Commission recommend approval of the proposed plan amendment. All proposed zoning is in keeping with the existing development patterns within those areas.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on surrounding properties in relation to this zoning request. The proposed zoning factored in the ability of the local street network to support growth, as well as proximity to established uses.

3. Suitability as Presently Zoned:

The properties will be assigned “DR” Development Reserve upon the effective date of annexation of November 27, 2017. The “DR” base zoning is a temporary zoning district and is not appropriate for the current development trends in the area.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effect on the public health, safety, or welfare in relation to the zoning proposal. The proposed zoning will help to create more organized development along Foster Road and FM 1346.

5. Public Policy:

As the request, pending the plan amendment, is consistent with the above-referenced IH-10 East Perimeter Plan’s land use plans, the request does not appear to conflict with any public policy objective.

6. Size of Tract:

The proposed areas to be zoned include approximately 1,139 acres.

7. Other Factors:

None.
