ISSUE:

None.

ALTERNATIVES:

A denial of the request will result in the subject property retaining the current base zoning district. A denial of the request will result in the subject property retaining the current base zoning district. "O-2" High Rise Office districts provide for the establishment of low to high-rise office buildings. Examples of permitted uses include offices, parks, and schools. Other uses listed as "permitted" in the UDC Nonresidential Use Matrix are only allowed as accessory uses to a primary and principal office use. A minimum 65 foot buffer zoned "NC", "C-1" or "O-1" is to be provided when abutting residential uses or zoning. Outdoor display or sale of merchandise is prohibited.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not located within a Regional Center or Premium Transit Corridor.

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the San Antonio International Airport Vicinity Plan, and is currently designated as "Low Density Residential" in the future land use component of the plan. The requested "C-2" Commercial base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to change the future land use from "Low Density Residential" to "Community Commercial". Staff and Planning Commission recommend Approval.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The property owner proposes to use the property for an adult daycare facility. The subject property is within close proximity to a secondary arterial and the intersection of Perrin Beitel and Loop 410. The change to "C-2" would not drastically alter the character of the neighborhood due to the surrounding commercial uses. Furthermore, the use is not an intense encroachment onto surrounding residential uses.

3. Suitability as Presently Zoned:

The current "O-2" base zoning district is not appropriate for the subject property's location, in relation to residential uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property totals 0.3916 acres in size, which reasonably accommodates the uses permitted in "C-2"

Commercial District.

7. Other Factors:

None.
