Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the North Sector Plan, and is currently designated as “Mixed Use Center” in the future land use component of the plan. The requested “C-2” Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The applicant is proposing the zone change to allow for a card house within a suite. The Specific Use Authorization will allow Council to add any necessary conditions to the request.

3. Suitability as Presently Zoned:

The current “C-2” base zoning district is appropriate for the subject property’s location. The base zoning will not change, but a Specific Use Authorization will allow for the Private Club as well as the “NA” Nonalcoholic Sales designation.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property totals 0.099 acres in size, which reasonably accommodates the uses permitted in “C-2” Commercial District.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.
