**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Dignowity Hill Neighborhood Plan and is currently designated as “Low Density Residential”. The request for “R-3” base zoning district is consistent with the adopted future land use plan.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no likely adverse impact on neighboring lands in relation to this zoning change because the request is consistent with the surrounding residential uses.

**3. Suitability as Presently Zoned:**

The current “R-4” base zoning is appropriate for the area. The request for the “R-3” zoning will allow for the existing residential structure to come into compliance.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with land use goals and strategies of the of the Dignowity Hill Neighborhood Plan to enhance the historic character of the neighborhood and to increase home ownership .

**6. Size of Tract:**

The subject property totals 0.0815 acres in size, which should reasonably accommodate the uses permitted in “R-3” Residential Single Family.

**7. Other Factors:**

There are currently two single-family residential structures on one lot. The applicant is replatting the properties into two separate lots. Each structure will be on a separate lot.
