ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. The current zoning “RM-4” Residential Mixed District allows for Single-Family dwelling (detached, attached or townhouse), two-family dwelling, row-house or zero-lot line dwelling, accessory dwelling, with a minimum lot size of 4,000 square feet and a minimum lot width of 15 feet, public and private schools.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is adjacent to the New Braunfels Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Arena District Neighborhood Plan and is currently designated as “Medium Density Residential” in the future land use component of the plan. The request for “RM-4” is consistent with the land use and the applicant amended their request from 16 residents to staff’s alternate recommendation that the Assisted Living Facility be limited to 10 Residents.

2. Adverse Impacts on Neighboring Lands:

Staff finds no likely adverse impacts on neighboring lands in relation to this zoning change.

3. Suitability as Presently Zoned:

The current “RM-4” base zoning district is appropriate for the subject property’s location as it is currently surrounded by residential uses. The requested conditional use allows the base zoning to remain as it is presently zoned.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with land use goals and strategies of the Arena District Neighborhood Plan to provide Medium Density/Mixed Uses to the area. The subject property is designated as “Medium Density Residential” in the Plan.

6. Size of Tract: The subject property totals 0.241 acres in size, which should reasonably accommodate the proposed request for an assisted living facility with up to 10 residents.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

This property is located within the Knob Hill Historic District. Any proposed exterior alterations associated with the proposal will require approval from the Historic and Design Review Commission. Approval of a site plan or renderings submitted as part of a zoning application does not supersede any requirements for design review outlined in Article VI of the Unified Development Code.
