Transportation

Thoroughfare: Rigsby Avenue

Existing Character: Primary Arterial A

Proposed Changes: None Known.

Thoroughfare: Pecan Valley Drive

Existing Character: Secondary Arterial A

Proposed Changes: None Known.

Public Transit: The nearest VIA bus route is #30 and is across the street of the subject property.

Traffic Impact: A Traffic Impact Analysis (TIA) report is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

Parking Information: Parking requirements are determined by use. Commercial uses require a minimum vehicle space of 1.5 per 300 GFA and a maximum of 1 per 200 GFA.

ISSUE:

None.

ALTERNATIVES: A denial of the request will result in the subject property retaining the current base zoning

district. The current “I-2” Heavy Industrial District allows uses that are highly hazardous, environmentally severe in character and/or generate very high volumes of truck traffic. The district was established in order to provide sites for activities which involve major transportation terminals and manufacturing facilities that have a greater impact on the surrounding area than industries found in the L or I-1 districts. Examples of permitted uses: acetylene gas manufacturing & storage, asphalt products manufacturing, boiler & tank works, chemical process clothing manufacturing, and grain drying & milling.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not within a Regional Center or within a half mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Eastern Triangle Community Plan and is currently designated as “Neighborhood Commercial” in the future land use component of the plan. The requested “C-1” Commercial base zoning is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “I-2” base zoning district is inappropriate for the subject property’s location. The property is currently vacant and the proposed “C-1” will provide additional services to the surrounding community and the request aligns with the future land use plan.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective as it supports the “C-1” base zoning district and the request is consistent with the future land use designation within the Eastern Triangle Community Plan.

6. Size of Tract:

The subject property totals 0.4009 acres in size, which accommodates uses permitted in “C-1” Light Commercial District.

7. Other Factors:

None.
