

City of San Antonio

Agenda Memorandum

File Number:18-1543

Agenda Item Number: 6.

Agenda Date: 2/6/2018

In Control: Zoning Commission

DEPARTMENT: Development Services

DEPARTMENT HEAD: Michael Shannon

COUNCIL DISTRICTS IMPACTED: 4

SUBJECT:

Zoning Case Z2017292

SUMMARY:

Current Zoning: "PUD R-6 AHOD" Planned Unit Development Residential Single-Family Airport Hazard Overlay District

Requested Zoning: "PUD R-5 AHOD" Planned Unit Development Residential Single-Family Airport Hazard Overlay District

BACKGROUND INFORMATION:

Zoning Commission Hearing Date: February 6, 2018. This case has been expedited to the February 15, 2018 City Council Hearing due to the cancellation of the January 16 Zoning Commission Meeting.

This case was continued to the January 16, 2018 Zoning Hearing from the December 19, 2017 Zoning Hearing. Due to the cancelled meeting, the case was republished and renotified.

This case was continued to November 7, 2017 from the December 19, 2017 Zoning hearing.

Case Manager: Kayla Leal, Planner

Property Owner: Camden Town, LLC

Applicant: Elbert Anthony Fuqua

Representative: Elbert Anthony Fuqua

Location: 9600 Block of Heritage Farm

Legal Description: Lot P-4F, NCB 15850

Total Acreage: 5.451

Notices Mailed

Owners of Property within 200 feet: 52

Registered Neighborhood Associations within 200 feet: Heritage Neighborhood Association

Applicable Agencies: None

Property Details

Property History: The subject property was annexed into the City of San Antonio on December 31, 1995, established by Ordinance 83136 and zoned "Temporary R-1" Temporary Single Family Residence. The zoning changed to "R-1" Single Family Residence District, established by Ordinance 85112, dated November 7, 1996. Upon adoption of the 2001 Unified Development Code (Ordinance 93881, dated May 3, 2001), the zoning "R-1" zoning converted to "R-6" Residential Single-Family District. The current "R-6" changed to include the "PUD" on January 27, 2005, established by Ordinance 100357.

Topography: The subject property is located within the Medina River Watershed.

Adjacent Base Zoning and Land Uses

Direction: North

Current Base Zoning: R-6

Current Land Uses: Single-Family Residential, Church

Direction: East

Current Base Zoning: R-5 PUD

Current Land Uses: Vacant Lot, Single-Family Residential

Direction: South

Current Base Zoning: R-6

Current Land Uses: Single-Family Residential

Direction: West

Current Base Zoning: R-6

Current Land Uses: Single-Family Residential

Overlay and Special District Information: All surrounding properties carry the "AHOD" Airport Hazard Overlay District, due to their proximity to an airport or approach path. The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

Transportation

Thoroughfare: Heritage Farm

Existing Character: Local Street

Proposed Changes: None known

Thoroughfare: Honeytree Lane

Existing Character: Local Street

Proposed Changes: None known

Public Transit: The nearest bus stop (Stop #65267) is within walking distance located east of the property on

Hunt Lane, along Bus Route 618.

Traffic Impact: A Traffic Impact Analysis (TIA) Report is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

Parking Information: Single-Family Dwellings require a minimum of one (1) parking space per unit, and there is no limit or maximum number of parking spaces.

ISSUE:
None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. Single-family dwellings (detached) allow a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet, including foster family home, public and private schools.

FISCAL IMPACT:
None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center.

The subject property is not located within a half (½)-mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “Suburban Tier” in the land use component of the plan. The requested “R-5” is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The subject property is currently surrounded by single-family residential and it is currently zoned single-family residential. The request will be maintaining the land use and will only decrease the minimum square footage each lot must be.

3. Suitability as Presently Zoned:

The existing “R-6” base zoning district is appropriate for the surrounding area. There is currently “R-6” zoning to the north, west, and south of the property. The proposed “R-5” is also appropriate.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The request is maintaining the single-family residential characteristics of the surrounding area.

5. Public Policy:

The request does not appear to conflict with any public policy objective. The future land use is consistent with the requested zoning.

6. Size of Tract:

The 5.451 acre site is of sufficient size to accommodate the proposed development. The development would allow forty-seven (47) “PUD R-5” residential units with the appropriate parking designations and thoroughfare.

7. Other Factors:

Planned Unit Developments provide flexibility in development projects by allowing a combination of uses developed in accordance with an approved plan that protects adjacent properties; while preserving natural amenities and features of a site and providing for a minimum amount of open space. PUDs provide for a more efficient arrangement of land uses, buildings, circulation systems and infrastructure; encourage infill projects and development of sites made difficult for conventionally designed development because of shape, size, abutting development, poor accessibility or topography.

“PUD R-6” allows for a maximum density of 5 units per acre, while “PUD R-5” allows for a maximum of 10 units per acre. The applicant would be allowed up to 47 units. Originally, the applicant proposed “PUD R-3” which would allow up to 79 units. The applicant amended the request to “PUD R-5.”
