RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier”. The request for “R-5” base zoning district is consistent with the adopted future land use plan.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request as it supports the current residential land use pattern. The base zoning of “R-5” will remain the same and the Specific Use Authorization allows manufactured housing for use as a single-family dwelling.

3. Suitability as Presently Zoned:

The current “R-5” base zoning district is appropriate for the surrounding area. The majority of surrounding property is residential. The proposed Specific Use for a Manufactured Home does not adversely affect the density in the area and offers a different housing option within this block of the neighborhood.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with land use goals and strategies of the West/Southwest Plan Goal to provide a range of housing types and prices to accommodate all residents within the Sector and within the same neighborhood, to promote quality design and construction for new housing and re-invest in existing residential neighborhoods.

6. Size of Tract:

The subject property totals 0.172 acres in size, which should reasonably accommodate the uses permitted in “R-5” Residential Single-Family District.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain

specific locations.

The Unified Development Code requires an “S” for Housing and Urban Development Manufactured Homes.
