RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval, pending the Plan Amendment

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Highlands Community Plan and is currently designated as “High Density Residential” in the future land use component of the plan. The requested “C-2” Commercial District is not consistent with the future land use designation. The applicant is requesting a land use amendment from “High Density Residential” to “Community Commercial” to accommodate the proposed rezoning. Staff and Planning Commission recommend Approval of the Plan Amendment.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed rezoning is in an area with a mix of commercial and residential base zoning districts.

3. Suitability as Presently Zoned:

The current “R-4” base zoning is appropriate zoning for the property and surrounding area. The adjacent properties to the north all carry the “R-4” base zoning. The “C-2” commercial zoning district often serves as an adequate and effective buffer to residential uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does appear to conflict with the following goals, principles, and objectives of the Highlands Community Plan:

- Goal 1: Economic Development - Improve the current variety of goods, services and employment available within the community by creating an environment conducive to commercial prosperity and encouraging new businesses to locate in the area.
- Goal 2: Community Appearance and Neighborhood Character - Improve the appearance of the community and maintenance of the commercial buildings while preserving the character of the

Highlands neighborhoods.

- Objective 2.3: Community Appearance and Aesthetics - Improve the physical appearance and landscaping of the business districts and neighborhoods to enhance the pedestrian environment, add to the value of the area, and maintain the character of the Highlands neighborhoods.

6. Size of Tract:

The subject property is 0.52 of an acre, which could reasonably accommodate a small scale food truck park.

7. Other Factors:

The proposed rezoning is requested in order to develop the site for two food trucks.
