Comprehensive Plan

Comprehensive Plan Component: Near Northwest Community Plan

Plan Adoption Date: February 14, 2002

Update History: None

Plan Goals: Goal 3- Housing: Preserve and revitalize the community's unique mix of quality housing. 3.1: Provide well-maintained housing for a mix of incomes.

Comprehensive Land Use Categories

Land Use Category: Low-Density Residential

Description of Land Use Category: is composed of single-family houses on individual lots, reflecting the predominant lot size in the area. Certain non-residential uses, such as schools, places of worship and parks, are appropriate within these areas and should be centrally located to provide easy accessibility. The community also recognizes the varying densities found in their residential areas. In recognition of this variety, the community would like to see that structures built as multi-family housing continue in this use, even when located in a low density residential area. However, if a structure was built as a single-family use and currently is used as a multi-family structure, the neighborhoods' highest preference is for the house to return to a single-family use. If returning the structure to a single-family use is infeasible, the neighborhoods would support a reduction in density.

Permitted Zoning Districts: R4, R5, R6, R20

Land Use Category: High-Density Residential

Description of Land Use Category: uses include apartments with more than four dwelling units on an individual lot. All residential uses can be found within this classification.

Permitted Zoning Districts: MF25, MF33, MF40, RM4, RM5, RM6, R3, R4, R5, R6

RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Approval.

The subject property currently consists of fifteen (15) duplexes with 30 total units. The change from “Low Density Residential” to “High Density Residential” will bring the property into compliance, and will allow the owner to pull permits for renovations. While the surrounding area is primarily single-family, the goal to preserve the unique mix of housing within the Near Northwest Community Plan is being met.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the Near Northwest Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
