Comprehensive Land Use Categories

Land Use Category: Low Density Residential

Description of Land Use Category: Low Density Residential Development includes Single Family Residential Development on individual lots. This form of development should be located away from major arterials, and can include certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

Permitted Zoning Districts: RP, RE, FR, RD, R-20, NP-15, NP-10, NP-8, R-6, R-5, R-4, & PUD

Land Use Category: High Density Mixed Use

Description of Land Use Category: High Density Mixed use includes well planned and integrated blend of higher density residential with retail, office, entertainment, and other land uses on adjacent lots, or integrated into one structure. Integration of uses occurs within structures with commercial uses on the ground floor level and residential on upper levels. The intense mix of uses within a block or building is to promote walkability and thus all mixed use developments should be designed for the pedestrian in mind. Mixed use is preferred along arterial or collector roads, in nodes or clustered together with proximity to a major transit stop. New mixed use developments on larger scale sites should integrate with existing uses and road and pedestrian networks.

Permitted Zoning Districts: R-6, R-5, R-4, PUD, RM-6, RM-5, RM-4, MF-18, MF-25, MF-33, MF-40, NC, C-1, C-2, C-2P, TOD, MXD, MPCD, UD, FBZD, O-1 & O-1.5

RECOMMENDATION:

Staff Analysis & Recommendation: Staff and Planning Commission (10-0) recommend Approval.

The applicant proposes to build a retail strip at the corner of Pecan Valley Drive and Morningview Street. The “High Density Mixed Use” classification has been introduced to the northern corners of the intersection and allows for commercial development. Allowing the expansion to this property will mirror the pattern of development and will provide services and retail options to the immediate surrounding neighborhood. The Eastern Triangle Community Plan supports new business, and aims to advance the diversification of business. The change to “High Density Mixed Use” is in alignment with the Plan goals.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the Eastern Triangle Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
