**Comprehensive Land Use Categories**

**Land Use Category:** “Regional Commercial”

**Description of Land Use Category:** Regional Commercial provides for offices, professional services, and retail uses that draw on the customer base of a region. Examples of uses include “big box” retail and retail “power centers”, shopping malls, movie theaters, and medical or office complexes that are mid to high rise. Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size. Regional Commercial uses can serve as an appropriate buffer between an arterial or highway, and lower intensity commercial or medium to high density residential uses.

**Permitted Zoning Districts:** “NC”, “O-1”, “O-2”, “C-1”, “C-2”, and “C-3”

**Land Use Category:** “Industrial”

**Description of Land Use Category:** General Industrial includes heavy manufacturing, processing and fabricating businesses. General industrial uses shall be concentrated at arterials, expressways, and railroad lines. This use is not compatible with residential uses and should be separated from residential uses by an intermediate land use or a significant buffer.

**RECOMMENDATION:**

Staff Analysis & Recommendation: Staff recommends Approval.

The I-10 East Corridor Perimeter Plan encourages limiting industrial land uses to areas where industrial development is already prevalent. There are industrial businesses located along Green Road. The surrounding properties are predominately located outside city limits. The proposed land use amendment from “Regional Center” to “Industrial is requested in order to rezone the property from “C-3” General Commercial District to “I-1” General Industrial District. The requested land use amendment is generally consistent with the goals of the I-10 East Corridor Perimeter Plan.

Relevant Goals of the I-10 East Corridor Perimeter Plan:

- Goal 3: Compatibility of Land Uses Improve the quality of life and safety of residents of the IH 10 East Perimeter Planning area by addressing incompatible land uses.
- Goal 4: Improve the Corridor Analyze design standards that can be implanted along the IH 10 East Corridor

**ALTERNATIVES:**

1. Recommend Denial of the proposed amendment to the I-10 East Corridor Perimeter Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
