Thoroughfare: South Zarzamora

Existing Character: Primary Arterial Type A

Proposed Changes: None Known

Public Transit: VIA bus routes are within walking distance of the subject property.

Routes Served: 520, 550, and 551

Traffic Impact: A Traffic Impact Analysis (TIA) is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

Parking Information:

The minimum number of parking spaces for fast food restaurant with drive through lanes is 1 space per 150 sf GFA.

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “I-2”. “I-2” allows for uses such as acetylene gas manufacturing & storage, asphalt products manufacturing, boiler & tank works, chemical process clothing manufacturing, and grain drying & milling.

FISCAL IMPACT:

None.

Proximity to Regional Center/Premium Transit Corridor

The property is located within half a mile of Premium Transit Corridor

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “Mixed Use Center” in the future land use component of the plan. The requested “C-2” base zoning is compatible with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested “C-2” Commercial District is a down zoning and is more compatible with the surrounding area than the current “I-2” Heavy Industrial District.

3. Suitability as Presently Zoned:

The current “I-2” Heavy Industrial District is not an appropriate zoning for the property and surrounding area. Even though there are properties around the area zoned “I-2”, a majority of this area are commercial and retail centers that do not match the current base zoning.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare. The requested zoning change to “C-2” will align the property with the current land use designation and improve the health, safety and welfare of the community more than the current “I-2”.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Plan

West/Southwest Sector Plan Relevant Goals and Objectives:

- Goal ED-1: The West/Southwest Sector is an economically sustainable community in which residents have a variety of employment opportunities.
- ED-1.3 Stimulate and support increased activity of existing businesses.

- Goal ED-2 Existing and planned future corridors and accessible, pedestrian commercial nodes contain strong, vibrant business activities with a mix of uses and employment opportunities.
- ED-4.1 Encourage high quality site and building design and best management practices for new and existing developments.
- Goal LU-1 Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses.
- LU-1.3 Ensure that high density / intensity land uses are buffered and screened to reduce the impact on lower density / intensity land uses that are nearby.
- Goal LU-3 Existing corridors are transformed and new corridors are carefully planned to create dynamic, mixed-use, pedestrian oriented nodes that are integrated into the surrounding community.
- LU-3.1 Consider re-zoning corridors in accordance with the West/Southwest Sector Land Use Plan.

6. Size of Tract:

The subject property is 0.496 acres, which would adequately support a fast food restaurant with a drive-thru.

7. Other Factors:

The applicant is requesting the change in zoning to demolish the current KFC restaurant on the property and construct an entirely new one.
