None.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the San Antonio International Airport Vicinity Plan and is currently designated as “Business Park” in the future land use component of the plan. The requested “C-3” base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The self-service storage facility has existed on the property for many years.

**3. Suitability as Presently Zoned:**

The current “R-5” base zoning districts is not an appropriate base zoning for the property or the surrounding area. The requested “C-3” base zoning is an appropriate base zoning for the property.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The business has operated for many years without any issues related to the public health, safety or welfare.

**5. Public Policy:**

The proposed rezoning from “R-5” to “C-3” is requested in order to align the base zoning with the existing use. The proposed rezoning is in agreement with the goals and objectives of the San Antonio International Airport Vicinity Plan and the current development of the area. The area is currently developed as an industrial park. The “R-5” base zoning is the result of outmoded zoning that is not in agreement with the future land use of “Business Park”.

Relevant Goals and Objectives of the San Antonio International Airport Vicinity Plan include:

- Goal II: Encourage economic growth that enhances airport operations and surrounding development
- Objective 2.2 Encourage commercial development that respects the integrity of existing residential

development

- Objective 4.4 Support commercial redevelopment through comprehensive rezoning and incentive zoning
- 

**6. Size of Tract:**

The subject property is 0.445 of an acre, which currently is a portion of a larger self-service storage facility.

**7. Other Factors:**

None.
