## **BACKGROUND INFORMATION:**

### Project Background

With the adoption of the FY 2019 Budget on September 13, 2018, City Council approved the Street Maintenance Program (SMP) at \$110 million, the largest in San Antonio's history and an increase of \$11 million over the previous year's program. A total of \$110 million is available to complete the entire SMP, which is comprised of both in-house and contractual street maintenance projects.

Transportation & Capital Improvements (TCI) began construction of the FY 2019 Street Maintenance Program utilizing two (2) contracts that were awarded on February 15, 2018 and May 31, 2018. In addition, TCI also is using remaining capacity from previous contracts awarded in FY 2018. The total contract capacity from FY 2018 contracts totals \$8 million. Table 1 below summarizes the contracts awarded to date for FY 2019.
