Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. The “R-6” base zoning district permits single-family dwellings (detached) with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet, foster family home, public and private schools. The “O-2” base zoning district provides for the establishment of low to high-rise office buildings. Examples of permitted uses include offices, parks, and schools. Other uses listed as “permitted” in the UDC Nonresidential Use Matrix are only allowed as accessory uses to a primary and principal office use. A minimum 65 foot buffer zoned NC, C-1 or O-1 shall be provided when abutting residential uses or zoning. Outdoor display or sale of merchandise is prohibited. The “C-3NA” base zoning district is identical to C-3 districts except that the sale of alcoholic beverages is prohibited. The “C-3” base zoning district is intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Kelly/South San PUEBLO Land Use Plan and is currently designated as “Medium Density Residential” in the land use component of the plan. The requested “R-3” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. There are single-family residential uses in the immediate vicinity. The proposed use of single-family residential is an appropriate fit for the area.

3. Suitability as Presently Zoned:

The subject property is currently split-zoned into “R-6” Residential Single-Family, “O-2” High Rise Office District, and “C-3NA” General Commercial Nonalcoholic Sales District. The existing “R-6” base zoning district is appropriate for the surrounding area. The existing “O-2” and “C-3NA” base zoning districts are not appropriate for the surrounding area.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The 1.68 acre site is of sufficient size to accommodate the proposed development. The lot is currently vacant and access would be through Calle Estrella.

7. Other Factors:

The subject property is located within the Lackland AFB Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBSA was notified of the proposed request. The Military reviewed the request on August 27, 2018 and have no objection to the request. All military requirements have been forwarded to the applicant.
