Comprehensive Plan

Comprehensive Plan Component: Lavaca Neighborhood Association

Plan Adoption Date: September 27, 2001

Plan Goals: Goal 2 of The Lavaca Neighborhood Plan specifically establishes a housing goal to “improve the overall quality of housing while maintaining the historic character within the Lavaca Neighborhood.” Objective 2.1 states “Maintain the existing character of the historic residential buildings and encourage compatible infill housing within the neighborhood.” And, Action 2.1.2 states “Encourage compatible infill housing on vacant parcels throughout the neighborhood. Compatible housing will maintain the historical and architectural integrity of the neighborhood and help to better utilize vacant and/or unkempt properties.”

Comprehensive Land Use Categories

Land Use Category: “Parks/Recreational”

Description of Land Use Category: **Parks** includes large, or linear, unimproved land where conservation is promoted and development is not encouraged due to presence of topographic constraints or institutional uses on the site. Parks include floodplains, utility corridors, public and private land uses that encourage outdoor passive or active recreation. Examples include city pocket, regional, or linear parks, as well as private parks associated with subdivisions and neighborhood associations.

Permitted Zoning Districts: Various

Land Use Category: “Mixed Use”

Description of Land Use Category: **Mixed Use** includes a concentrated blend of residential, retail, professional service, office, entertainment, leisure and other related uses at urban densities to create a pedestrian-oriented environment. Mixed use incorporates high quality architecture and urban design features such as attractive streetscapes, parks/plazas, and outdoor cafes. Parking areas should be located behind buildings. This classification requires a mix of uses in the same building. Examples of mixed use uses include small offices (dentists, insurance professionals, non-profits, etc.), small retail establishments (cafes, shoe repair shops, gift shops, antique stores, hair salons, drug stores, etc.) and high-density residential uses.

Permitted Zoning Districts: “IDZ”, “MXD”, “MPCD”, “TOD” and “FBZD”
