Comprehensive Plan

Comprehensive Plan Component: IH-10 East Corridor Perimeter Plan

Plan Adoption Date: February 22, 2001

Plan Goals:

Goal 1: Utilize city resources and authority to manage growth and development.

Based on a comprehensive land use plan, encourage more intensive development in and near neighborhood centers with less intensive development between neighborhood centers, and implement these changes through zoning.

Comprehensive Land Use Categories

Land Use Category: “Light Industrial”

Light Industrial areas include a mix of light manufacturing uses, office park and limited retail/service uses that serve the industrial uses. Industrial uses should be screened and buffered from adjoining uses. Any outside storage must be under a roof and screened from public view. Examples of light industrial uses include drug laboratories, furniture wholesalers, lumberyards, tamale factories and warehousing.

Related Zoning Districts: C-3 & L

Land Use Category: “Community Commercial”

Community Commercial provides for offices, professional services, and retail uses of moderate intensity and impact. Examples of uses include a grocery store, a medical office, music store, shoe store, nursery, or mailing services store. Community Commercial should be located along arterials, preferably at intersections with other arterials or collectors. Community Commercial can serve as an appropriate buffer between low, medium, and high density residential uses, or between an arterial and low density residential.

Related Zoning Districts: NC, O-1, C-1, & C-2

Land Use Category: “Low Density Residential”

Low Density Residential Development includes Single Family Residential Development on individual lots. This form of development should be located away from major arterials, and can include certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

Related Zoning Districts: R-4, R-5, R-6, NP-8, NP-10, NP-15, R-20, & RE

RECOMMENDATION:

Staff Analysis & Recommendation: Staff and Planning Commission (8-0) recommend Approval.

The proposed land use amendment from “Light Industrial” and “Community Commercial” to “Low Density Residential” is requested in order to rezone the property to "R-4 MLOD-3 MLR-2 AHOD" Residential Single-Family Martindale Army Airfield Military Lighting Region 2 Airport Hazard Overlay District. The subject property is well suited for the “Low Density Residential” land use designation. It is located along Rittiman Road and Seguin Road which has a mix of “Parks Open Space,” “Regional Commercial” and “Community Commercial” land uses. It is in line with the IH-10 East Corridor Perimeter Plan and increases the housing stock within the area.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the IH-10 East Corridor Perimeter Plan.
2. Make an alternate recommendation.
