**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval, with Conditions, pending the Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Eastern Triangle Plan and is currently designated as “High Density Residential” in the future land use component of the plan. The requested “C-2” base zoning district is not consistent with the future land use designation. The applicant requested a Plan Amendment to “Community Commercial” land use. Staff and the Planning Commission recommended Approval of the Plan Amendment.

**2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

**3. Suitability as Presently Zoned:**

The existing “R-5” Single-Family Residential base zoning is an appropriate zoning district is appropriate for the surrounding area. The proposed “C-2” is suitable to the area and provides the opportunity for retail goods and services.

**4. Health, Safety and Welfare:**

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Eastern Triangle Plan:

**Goal 7: Create a community wide economic development plan**

Objective 7.2: Attract new businesses to the Eastern Triangle

**Goal 9: Promote diversification of businesses and services**

Objective 9.1.1. Attract local and national businesses that reach a larger community

**6. Size of Tract:**

The subject property is 1.936 acres, which would adequately support commercial use.

**7. Other Factors:**

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The subject property is located within the Martindale Army Air Field Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, Texas Army National Guard and JBSA were notified of the proposed request.

If recommended for Approval by the Zoning Commission, staff recommends the following conditions:

- 1) No access to the business from Creswell Drive
- 2) A 15-foot landscape buffer between the rear property line and Creswell Drive right-of-way.
- 3) A six (6) foot solid screen fence to the rear of the property along Creswell and abutting residential zoning and/or uses.
