Overlay and Special District Information:

"MLOD-1"

All surrounding properties carry the "MLOD-1" Military Lighting Overlay District, due to their proximity to Camp Bullis. The "MLOD-1" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

“ERZD”

All surrounding properties carry the "ERZD" Edwards Recharge Zone District. The "ERZD" does restrict permitted uses, due to the environmentally sensitive nature of the recharge zone. Per Chapter 34 of the City of San Antonio Code of Ordinances, the San Antonio Water System (SAWS) and City of San Antonio departments share regulatory jurisdiction over development within the “ERZD”.

ALTERNATIVES:

Current: The present zoning district designation of “R-6” Residential Single-Family District provides areas for medium to high-density residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing a mixture of single-family, two-family and multi-family dwellings and open space where similar residential development seems likely to occur. The district regulations are designed to encourage a suitable neighborhood environment for family life by including among the permitted uses such facilities as schools and churches; and to preserve the openness of the area by requiring flexible yard and area standards. Mixed residential districts provide flexible density requirements in order to allow for market and design flexibility while preserving the neighborhood character and permitting applicants to cluster development in order to preserve environmentally sensitive and agricultural land areas.

Proposed: The proposed “R-6 CD” allows all of the above in addition to an assisted living facility for up to sixteen (16) residents.

FISCAL IMPACT:
None.

Proximity to Regional Center/Premium Transit Corridor

The subject property is located within ½ a mile of the Stone Oak Regional Center and within a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommendation Pending.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the North Sector Plan, and is currently designated as “Surburban Tier” in the future land use component of the plan. The requested “R-6” is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

3. Suitability as Presently Zoned:

4. Health, Safety and Welfare:

5. Public Policy:

6. Size of Tract:

The subject property is 0.4649 acres.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The subject property is located within the Camp Bullis Awareness Zone/Military Influence Area. In accordance with the signed Memorandum of Understanding, JBS was notified of the proposed request.
