ALTERNATIVES:

Current: The present zoning district designation of "R-6" Residential Single-Family District provide areas for medium- to high-density, single-family residential uses where adequate public facilities and services exist with capacity to serve development. These districts are composed mainly of areas containing single-family dwellings and open area where similar residential development seems likely to occur. Residential single-family provides

minimum lot size and density requirements in order to preserve neighborhood character.

Proposed: The proposed "C-2" Commercial District permit general commercial activities designed to serve the community such as repair shops, wholesale businesses, warehousing and limited retail sales with some outdoor display of goods. These districts promote a broad range of commercial operations and services necessary for large regions of the city, providing community balance. "C-2" districts accommodate commercial and retail uses that are more intensive in character than "NC" and "C-1" uses, and which generate a greater volume of vehicular traffic and/or truck traffic.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not within a Regional Center but located within the Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as "Suburban Tier" in the future land use component of the plan. The requested "C-2" base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff does not find evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current "R-6" Residential Single-Family District is an appropriate zoning for the property and surrounding area. The proposed "C-2" Commercial District is appropriate along West Loop 1604 North and remains consistent with the Sector Plan.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Plan:

ED-1.1 Locate business offices near existing residential areas within the Sector

ED-3.1 Ensure the development of new business locations and employment centers are compatible with the West/Southwest Sector Land Use Plan

6. Size of Tract:

The subject property is 1.112 acres, which could reasonably accommodate commercial uses and a professional office.

7. Other Factors:

Applicant would like proper zoning for a professional office and reserves the use of a medium intensity commercial zoning use in the future.
